

ISAKOS GLOBAL CONNECTION

A Campaign for Education, Research and Collaboration

ISAKOS Membership Giving Initiative to the Global Connection Campaign

The International Society of Arthroscopy, Knee Surgery and Orthopaedic Sports Medicine (ISAKOS) invites you to participate in the Membership Giving Initiative for the **ISAKOS Global Connection: A Campaign for Education, Research and Collaboration**.

The international orthopaedic community is at an important crossroad: medical innovations and applied technology are beginning to outpace the education of many orthopaedic surgeons. Limited resources and training in many parts of the world prevent surgeons from mastering the latest techniques and ultimately hinder the advancement of patient care.

The ISAKOS Board of Directors is looking to the future and enhancing educational and research opportunities for our membership by providing an international framework for the exchange and dissemination of information in arthroscopy, knee surgery and orthopaedic sports medicine that will benefit each member and their patients.

With your financial support through a pledge to the Global Connection Campaign, ISAKOS will expand the educational and research opportunities available to our international constituency. Focusing on the regions of the world with limited accessibility to educational and research opportunities, it is the goal of this member giving initiative to increase the number of ISAKOS courses and ISAKOS Approved Teaching Centers, to implement an international research grants program, and to enhance fellows' and residents' training opportunities.

ISAKOS members are invited to pledge at any level of support, but we hope that you will consider giving at a level of \$1,000 per year for five years, in support of the ISAKOS "Godfather Initiative". At this level of support, a portion of your pledge would be allocated toward a five-year membership for a deserving individual selected by the ISAKOS leadership from an underprivileged region in the world. Through your donation, you will be recognized as a Global Connection Campaign supporter, and specifically as an ISAKOS "Godfather". Benefits to Godfathers are distinct, and include special membership recognition, an invitation to a reception at the 2013 ISAKOS Congress with the member you support, and an ISAKOS Godfather ribbon.

Please join us by making a pledge to the ISAKOS Global Connection Campaign using the form on the reverse side.

BOARD OF DIRECTORS

Executive Committee:

Freddie Fu, MD, President
Moises Cohen, MD, PhD,
First Vice President
Masahiro Kurosaka, MD,
