11th Biennial
ISAKOS Congress
June 4–8, 2017
Shanghai, China

Preliminary Program + Call for Abstracts
ISAKOS.COM/2017CONGRESS
WELCOME

We cordially invite you to the 11th Biennial ISAKOS Congress in Shanghai, China. The ISAKOS Congress continues to be considered the premier international meeting, providing a unique opportunity for attendees to share, discuss and learn the latest advancements in arthroscopy, knee surgery and sports medicine.

The five-day ISAKOS Congress will include a myriad of educational opportunities. The meeting provides a variety of new and cutting edge surgical techniques and approaches to clinical management, combined with overviews of current controversies in orthopaedic practice.

Abstracts will be considered for both podium presentations and electronic posters. In addition, exceptional abstracts will be considered for several ISAKOS Awards for outstanding clinical or laboratory research.

The city of Shanghai is known as a showpiece of modern China. A popular tourist destination, Shanghai features such historical landmarks as The Bund, City God Temple and Yu Garden. Other cultural highlights include the Shanghai Museum and the China Art Museum. Shanghai is well recognized for its extensive Lujiazui skyline featuring many skyscrapers. A variety of social events will be offered including a Welcome Reception, a spouse and guest program and tour assistance.

You are a vital part of the 11th Biennial ISAKOS Congress! We hope you will plan to participate in the international experience that is the ISAKOS Congress.

Philippe Noel Neyret MD, PhD FRANCE
ISAKOS President 2015 – 2017

Julian A. Feller, FRACS AUSTRALIA
ISAKOS Program Chair 2015 – 2017

2017 ISAKOS CONGRESS

Sunday June 4 – Thursday, June 8, 2017

SIX, HALF-DAY PRE-COURSES

Saturday, June 3, 2017

CONGRESS LOCATION

Shanghai Convention & Exhibit Center of International Sourcing
No. 2739 West Guangfu Road
Shanghai 200062
CHINA
Tel: +86 021 60290070
Fax: +86 021 60290071
www.shcec.com.cn

EXPECTED ATTENDANCE

More than 4,000 surgeons specializing in arthroscopy, knee surgery and orthopaedic sports medicine.

CONGRESS CONTENT

• Six, Half-Day Pre-Courses
  - The Knee: Maximizing Surgical Procedures in the Active and Athletic Patient
  - The IOC Prevention of Injuries and Illnesses in High Level Athletes
  - Current Concepts in Shoulder Surgeries
  - Advanced Course on Knee Arthroplasty
  - The Use of Biologics to Treat Sports Medicine Pathology
  - Evaluating Athletes with Hip and Groin Problems
• Sports Physician Concurrent Course: Current Situation for Team Physicians
• 300+ Scientific Papers
• Panel Discussions and Debates
• Symposia
• Lunchtime Lectures and Workshops
• Surgical Demonstrations
• Instructional Course Lectures
• Paper and ePoster Presentations
• Technical Exhibits
• CME Certification
• Spouse and Guest Program
• Welcome Reception
PROGRAM INFORMATION

CME HOURS
The 11th Biennial ISAKOS Congress, the six Pre-Courses and the Sports Physician Concurrent Course will be planned and implemented in accordance with the essential areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through joint sponsorship.

EDUCATIONAL OBJECTIVES
• Discuss new initiatives in medicine and technology as they relate to arthroscopy, knee surgery and orthopaedic sports medicine.
• Evaluate clinical cases and advance the practice of evidence-based, informed orthopaedic care.
• Demonstrate the application of current techniques, procedures and research.
• Identify and analyze current research data pertaining to the management of ankle, foot, knee, hip, wrist, elbow and shoulder problems, and to sports medicine.

WHAT’S ONLINE?
• Program at a Glance
• Daily Interactive Agenda
• Social Programs and Events
• Travel and Tours
• Hotel Accommodations
• Exhibit Information
• Sponsorships
• Lunchtime Sessions
• Surgical Demos
• And more!

A comprehensive educational experience, providing the latest research from around the world—in one place. From basic to advanced topics and surgical techniques, the ISAKOS Congress allows for networking with international peers and experts.
The International Society of Arthroscopy, Knee Surgery and Orthopaedic Sports Medicine is pleased to announce the Call for Abstracts for the 2017 Congress.

**Abstract Submission Deadline**

**September 1, 2016**

isakos.com/2017congress
ONLINE ABSTRACT SUBMISSION INSTRUCTIONS

To submit an abstract, visit isakos.com/2017Congress

1. Log-in using the Presenting Author’s email and password for ISAKOS (if a record does not exist for the Presenting Author you will be directed to create a record).

2. Complete contact information for the Presenting and Corresponding authors, including the institution of research. It would also help to have the ISAKOS ID number for as many authors as possible. If needed, you may contact the ISAKOS Office at isakos@isakos.com to obtain an author’s ISAKOS ID number—please do not make duplicate records.

3. Provide the abstract title in proper case for publishing.

4. Submit the plain abstract text into the provided text box within the online application. Please note, graphics and tables are not accepted.

5. Complete the Financial Disclosure Statement, American Food and Drug Administration (FDA) Statement, and Copyright License Agreement, on behalf of all authors.

6. Author Warranty: Authors must read and abide by the Abstract Submission Guidelines in order to be considered for presentation.

You will receive a confirmation once your abstract has been submitted. You may also apply for various ISAKOS Awards and Fellowships using your submitted abstract(s).

SEE YOU IN SHANGHAI!
MORNING COURSES

THE KNEE: MAXIMIZING SURGICAL PROCEDURES IN THE ACTIVE AND ATHLETIC PATIENT

Chairs:
Elizabeth A. Arendt, MD UNITED STATES
Mark Clatworthy, FRACS NEW ZEALAND
Chris Vertullo, MBBS, FRACS (Orth), FAOrthA AUSTRALIA

This pre-course is targeted to the orthopaedic surgeon whose practice centers on the young and the aging sports knee. It will present the latest knowledge and surgical techniques relevant to the management of knee pathology, focusing on surgical knowledge and technique. The course will be suitable for the subspecialist knee surgeon as well as the general orthopaedic surgeon desiring an update on controversies and techniques within the athletic and the aging knee.

The morning will consist of a series of expert and evidence-based lectures combined with case examples querying the experts on difficult problems with diverse and at times controversial solutions. Key cadaveric surgical demonstrations are embedded within each topic. An interactive audience response system has enhanced audience participation and has augmented audience education. Following this course, the participant will be well-versed in the approach to the injured athletic knee, with improved knowledge in its management.

THE IOC PREVENTION OF INJURIES AND ILLNESSES IN HIGH LEVEL ATHLETES

Chairs:
Lars Engebretsen, MD, PhD SWEDEN
Gino M.M.J. Kerkhoffs, MD, PhD, Prof. NETHERLANDS

Upon completion of this pre-course, participants will be able to understand the principles of injury and illness prevention. Practical examples will translate the principles into practical programs on Olympic athletes.

CURRENT CONCEPTS IN SHOULDER SURGERIES: NEW INSIGHTS INTO INSTABILITY, ROTATOR CUFF REPAIR AND MINIMAL INVASIVE HUMERAL FRACTURE FIXATION

Chairs:
Andreas B. Imhoff, MD, Prof. GERMANY
Felix “Buddy” Savoie III, MD UNITED STATES

This course will present the latest techniques in shoulder stabilization like Latarjet—the French and US experience, and also new insights into rotator cuff repair (tendon to bone healing and superior capsule reconstruction) and minimally invasive humeral fracture fixation. Each presentation will be moderated separately as a cross-fire to involve the attending members.

AFTERNOON COURSES

ADVANCED COURSE ON KNEE ARTHROPLASTY

Chairs:
Sebastian Lustig, MD, PhD, Prof. FRANCE
Shuichi Matsuda, MD, PhD JAPAN
Willem Mare van der Merwe, MBChB, FCS, SA Ortho SOUTH AFRICA

This pre-course will provide a comprehensive update and overview of the latest knowledge and techniques relevant to knee arthroplasty for the orthopaedic surgeon. The topics will include basic concepts and surgical technique of cruciate-retaining and cruciate-sacrificed total knee arthroplasty, as well as unicompartmental knee arthroplasty. Focusing on management for severe varus or valgus deformity, instability, contracture, bone defect, and intraoperative trouble shooting. We have assembled an international faculty, including experts from around the world, presenting on their areas of expertise.

This half-day course will consist of a series of expert and evidence-based lectures. In addition to the lectures there will be panel discussions, particularly on controversial topics such as kinematic alignment. This pre-course will present a variety of surgical techniques, involving video demonstrations, as well as pearls and pitfalls, and discussions for each topic. Following this course, participants will be able to understand how to treat more difficult cases such as severe varus or valgus deformity by total knee arthroplasty.
THE USE OF BIOLOGICS TO TREAT SPORTS MEDICINE PATHOLOGY

Chairs:
Johnny Huard, PhD UNITED STATES
Robert F. LaPrade, MD, PhD UNITED STATES
Nicola Maffulli, MD, PhD, MS, FRCS (Orth) UNITED KINGDOM

The course aims to provide a clinical-based overview on the scientific basis for the use of biologics to treat orthopaedic sports medicine pathology. The various treatment options available, including growth factors, platelet rich plasma, and stem cells will be presented, and the basic science rationale behind their use clarified. Their clinical use will be presented, the regulatory issues related to their use, and the evidence on their effectiveness and efficacy will be discussed.

EVALUATING ATHLETES WITH HIP AND GROIN PROBLEMS: FROM SYMPTOMS TO DIAGNOSIS AND TREATMENT

Chairs:
Per Holmich, Prof., DMSc DENMARK
Nick Mohtadi, MD, MSc, FRCSC CANADA
Alston J. Stubbs, MD UNITED STATES

At the completion of this course, participants will be able to understand the presenting complaints, symptoms and patient-reported outcome information. Participants will be able to confirm the common diagnoses in athletes presenting with a hip and groin problem. Participants will be able to understand the role of non-surgical and surgical treatment of common groin and hip conditions.
ANIMAL & FOOT
Getting Athletes Back to Sport After Foot and Ankle Injuries
Chair: Kenneth J. Hunt, MD UNITED STATES
Gian Luigi Canata, MD ITALY
Pieter Paul D’Hooghe, MD, MSc QATAR
Gino M.M.J. Kerkhoffs, MD, PhD, Prof. NETHERLANDS
Mohammad Razi, MD ISLAMIC REPUBLIC OF IRAN

Techniques in Ankle Arthroscopy and OLTs
Chair: Pieter Paul D’Hooghe, MD, MSc QATAR
Thomas Bauer, MD FRANCE
Gian Luigi Canata, MD ITALY
Eric Giza, MD UNITED STATES
Yasuhiro Tanaka, Prof. JAPAN
C. Niek Van Dijk, MD, PhD NETHERLANDS

ARTHROSCOPY & ORTHOPAEDICS
Arthroscopic Surgery for Extra-Articular Disorders
Chair: Robert Jacek Smigielski, MD POLAND
Laurent Lafosse, MD FRANCE
Yujie Liu, MD CHINA
Hassan Sadri, MD SWITZERLAND

ELBOW & WRIST
Elbow Arthroscopy: From Basic to Advanced
Chair: Luigi Adriano Pederzini, MD ITALY
Denise Eygendaal, Prof., MD, PhD NETHERLANDS
Gary G. Poehling, MD UNITED STATES
Marc Raymond Safran, MD UNITED STATES

Elbow Instability in the Athlete
Chair: Gregory Ian Bain, MBBS, FRACS, PhD AUSTRALIA
Denise Eygendaal, Prof., MD, PhD NETHERLANDS
Michael Thomas Freehill, MD, UNITED STATES
Roger Van Riet, MD BELGIUM

Injuries of the Wrist and Distal RU Joint
Chair: Margaret Fok, FRCSED(Orth), MBChB (Otago) HONG KONG
Gregory Ian Bain, MBBS, FRACS, PhD AUSTRALIA
Moroe Beppu, MD, PhD JAPAN
Josephine Wong-Yuk Ip, MD HONG KONG
Toshitaka Nakamura, MD, PhD JAPAN
Enrique Esteban Pereira, MD ARGENTINA

Introduction to Wrist Arthroscopy
Chair: Michael R. Redler, MD UNITED STATES
Toshitaka Nakamura, MD, PhD JAPAN
Luigi Adriano Pederzini, MD ITALY
Gary G. Poehling, MD UNITED STATES

HIP
Evidence-Based Management of FAI
Chair: Olufemi Rolland Ayeni, MD, MSc, FRCSC CANADA
Nicolas Bonin, MD FRANCE
John M. O’Donnell, MBBS, FRACS AUSTRALIA
Marc J. Philippon, MD UNITED STATES
Soshi Uchida, MD, PhD JAPAN

How to Get Started in Hip Arthroscopy
Chair: Nick Mohtadi, MD, MSc, FRCSC CANADA
Olufemi Rolland Ayeni, MD, MSc, FRCSC CANADA
Nicolas Bonin, MD FRANCE
John M. O’Donnell, MBBS, FRACS AUSTRALIA

KNEE
Avoiding Complications in Opening Wedge High Tibial Osteotomy
Chair: Annunziato Amendola, MD UNITED STATES
Mark Clatworthy, FRACS NEW ZEALAND
Yong In, Prof. REPUBLIC OF KOREA
Philipp Lobenhoffer, MD, Prof. GERMANY
Robin Martin, MD SWITZERLAND
David Anthony Parker, MBBS, BMedSci, FRACS AUSTRALIA

Femoral and Tibial Component Rotation: How to Get it Right?
Co-Chairs: Paul A. Lotke, MD UNITED STATES & Shuichi Matsuda, MD, PhD JAPAN
David Stuart Barrett, MD, FRCS UNITED KINGDOM
John Bartlett, MD AUSTRALIA
Nicolaa Cyrilus Budhiparama, MD, FICS INDONESIA
Adolph V. Lombardi, Jr., MD, FACS UNITED STATES

Meniscus Tear Repair – Global View of Techniques
Co-Chairs: Sue Barber-Westin, BS UNITED STATES & Li Weiping, MD CHINA
Seong-Il Bin, MD REPUBLIC OF KOREA
Matthias Feucht, MD GERMANY
Jin Goo Kim, MD, PhD REPUBLIC OF KOREA
Christopher John Vertullo, MBBS, FRACS (Orth), FAOrthA AUSTRALIA
Bart Vundelinckx, MD BELGIUM
**Standard Diagnosis and Treatment Protocol of Knee Dislocation and Multiple Ligament Injury**
**Co-Chairs:** Hua Feng, MD CHINA & Jian Li, MD CHINA
Gregory C. Fanelli, MD UNITED STATES
Francesco Giron, MD, PhD ITALY
Bruce A. Levy, MD UNITED STATES
Daniel Whelan, MD, MSc CANADA

**Strategic, Anatomical and Technical View of PLC Reconstruction**
**Co-Chairs:** Robert F. LaPrade, MD, PhD UNITED STATES & Jinzhong Zhao, MD CHINA
Gregory C. Fanelli, MD UNITED STATES
Hua Feng, MD CHINA
Claudio Zorzi, MD ITALY

**KNEE: ACL**

**ACL Reconstruction – Keeping it Simple and Safe**
**Chair:** Peter T. Myers, MBBS, FRACS AUSTRALIA
Karl Eriksson, MD, PhD, Assoc. Prof. SWEDEN
Christopher D. Harner, MD UNITED STATES
Jacques Ménétrey, Prof. SWITZERLAND
Atsuo Nakamae, MD, PhD JAPAN
Halit Pinar, Prof., MD TURKEY

**ACL Youth Injury Prevention: Should Global Programs Be Implemented?**
**Co-Chairs:** Timothy E. Hewett, PhD UNITED STATES & Bert R. Mandelbaum, MD, DHL (hon) UNITED STATES
Roald Bahr, MD, PhD NORWAY
Lars Engebretsen, MD, PhD NORWAY
Hermann Otto Mayr, MD, Prof. GERMANY

**Return to Sports Following ACL Injury**
**Co-Chairs:** Lynn Snyder-Mackler, PT, ScD, FAPTA UNITED STATES
& Kate E. Webster, PhD AUSTRALIA
Shiyi Chen, MD, PhD CHINA
Bjorn Engstrom, MD, PhD, Assoc. Prof. SWEDEN
Christian Fink, Prof., MD AUSTRIA
Andy Williams, MBBS, FRCS, FRCS (Orth), FFSEM(UK) UNITED KINGDOM

**Revision ACL Reconstruction**
**Chair:** Robert G. Marx, MD, MSc, FRCSC UNITED STATES
Nobuo Adachi, MD, PhD JAPAN
Gianluca Camillieri, MD ITALY
Philippe Colombet, MD FRANCE
James Robinson, MBBS, MRCS, FRCS(orth), MS UNITED KINGDOM

**KNEE: PATELLOFEMORAL JOINT**

**Habitual Patella Dislocation**
**Co-Chairs:** Elizabeth A. Arendt, MD UNITED STATES & David Henri Dejour, MD FRANCE
Jack T. Andrish, MD UNITED STATES
Simon Donell, MD, FRCS (Tr & Orth) UNITED KINGDOM
Ryosuke Kuroda, MD, PhD JAPAN
Philip Bastian Schoettle, MD, PhD, Assoc. Prof. GERMANY

**How to Strategically Manage Complex Patellar Instability**
**Chair:** Alan Getgood, MD, FRCS (Tr & Orth), DipSEM CANADA
Elizabeth A. Arendt, MD UNITED STATES
David Henri Dejour, MD FRANCE
Florian Dinsamer, MD AUSTRALIA
Julian A. Feller, FRACS AUSTRALIA

**KNEE: TOTAL KNEE REPLACEMENT**

**Achieving a Successful Outcome in the Difficult Primary TKA**
**Co-Chairs:** Francesco Maria Benazzo, MD, Prof. ITALY & Myung Chul Lee, MD, PhD, Prof. REPUBLIC OF KOREA
Johan Bellemans, MD, PhD BELGIUM
Myles Raphael James Coolican, FRACS AUSTRALIA
Ashok Rajgopal, MS, MchOrth, FRCS INDIA

**Achieving Normal Kinematics in Total Knee Arthroplasty**
**Co-Chairs:** Johan Bellemans, MD, PhD BELGIUM & Eun Kyoo Song, Prof., MD, PhD REPUBLIC OF KOREA
Jean Noel Argenson, MD FRANCE
J. David Blaha, MD UNITED STATES
Stephen M. Howell, MD UNITED STATES
Tokitumi Majima, MD, PhD JAPAN
Andrew James Price, DPhil, FRCS(Orth) UNITED KINGDOM

**Current Concept in Unicompartmental Knee Arthroplasty**
**Chair:** Andrew James Price, DPhil, FRCS(Orth) UNITED KINGDOM
Myles Raphael James Coolican, FRACS AUSTRALIA
Jack Farr, MD UNITED STATES
Shuichi Matsuda, MD, PhD JAPAN
Willem Mare van der Merwe, MBChB, FCS, SA Ortho SOUTH AFRICA
José Ricardo Confraria Varatojo, MD PORTUGAL
INSTRUCTIONAL COURSE LECTURES

SHOULDER

Instability with Bone Loss: A Case-Based Approach
Chair: Kevin D. Plancher, MD UNITED STATES
Philippe P. Hardy, MD, PhD, Prof. FRANCE
Mario Victor Larrain, MD ARGENTINA
Anthony Miniacci, MD, FRCSC UNITED STATES
Hiroyuki Sugaya, MD JAPAN
Etore Taverna, MD ITALY

Management of AC Joint Injuries: Is the Trend to Operative Management Industry or Evidence Driven?
Chair: Augustus D. Mazzocca, MS, MD UNITED STATES
Jiwu Chen, MD, PhD CHINA
Andreas B. Imhoff, MD, Prof. GERMANY
William Benjamin Kibler, MD UNITED STATES

MDI / Hyperlaxity: Does it Exist and How to Manage It
Chair: Felix Henry Savoie III, MD UNITED STATES
Robert A. Arciero, MD UNITED STATES
Carina Cohen, MD BRAZIL
Yong-Girl Rhee, MD REPUBLIC OF KOREA

Proximal Humerus Fractures: Management
Chair: Andreas B. Imhoff, MD, Prof. GERMANY
Mike H. Baums, MD, PhD, Asst. Prof. GERMANY
Li Yu, MD CHINA

Scaphoid Fracture: What Could Go Wrong?
Chair: Michael R. Redler, MD UNITED STATES
Jason Harvey, MD AUSTRALIA
Pak-Cheong Ho, MD HONG KONG
Josephine Wing-Yuk Ip, MD HONG KONG
Enrique Esteban Pereira, MD ARGENTINA

INSTRUCTIONAL COURSE LECTURES

SHOULDER: INSTABILITY

Strategies for Bony Defects in the Treatment of Anterior Shoulder Instability
Chair: Gilles Walch, MD FRANCE
Pascal Boileau, MD, Prof. FRANCE
Guoqing Cui, MD CHINA
Chun Yan Jiang, MD CHINA
Hiroyuki Sugaya, MD JAPAN

Traumatic Anterior Instability: Repair vs. Augment – When and How?
Chair: Matthew T. Provencer, MD UNITED STATES
Giovanni Di Giacomo, MD ITALY
Peter J. Millett, MD, MSc UNITED STATES
Hiroyuki Sugaya, MD JAPAN

SHOULDER: ROTATOR CUFF

Massive Rotator Cuff Tears: When to Repair and When to Replace? A Case-Based Approach
Chair: Stephen S. Burkhart, MD UNITED STATES
Guillermo Arce, MD ARGENTINA
Pascal Boileau, MD, Prof. FRANCE
Leesa M. Galatz, MD UNITED STATES
Eiji Itoi, MD, PhD JAPAN
Gilles Walch, MD FRANCE

Techniques of Rotator Cuff Repair: Single vs. Double vs. Triple Row
Chair: Eiji Itoi, MD, PhD JAPAN
Emilio Calvo, MD, PhD, MBA SPAIN
Carina Cohen, MD BRAZIL
Mark Ferguson, MD SOUTH AFRICA
Felix Henry Savoie III, MD UNITED STATES

Please note, faculty are pending confirmation and subject to change.
ANKLE & FOOT

The Evolution of Ankle Repair
Chair: Hélder Miguel Duarte Pereira, MD PORTUGAL
Annunziato Amendola, MD UNITED STATES
Kenneth J. Hunt, MD UNITED STATES
C. Niek Van Dijk, MD, PhD NETHERLANDS

Expanding the Role of Arthroscopy in Foot & Ankle Surgery
Harvinder Singh Bedi, FRACS, MPH AUSTRALIA
Stéphane Guillo, MD FRANCE
Kenneth J. Hunt, MD UNITED STATES
Alastair S. Younger, MD CANADA

BIOLOGICS

Is It Time to Reevaluate the Clinical Outcome of Artificial Ligaments and Imagine the Future Trends?
Co-Chairs: Giuliano Giorgio Cerulli, MD ITALY & Shiyi Chen, MD, PhD CHINA
Hideo Matsumoto, MD, PhD JAPAN
Cameron Norworthy, MBBS, FRACS AUSTRALIA
Pierre Ranger, MD, MSc, FRCSc CANADA
Robert A. Stanton, MD UNITED STATES

ELBOW & WRIST

OCD of the Elbow
Chair: Roger Van Riet, MD BELGIUM
Gregory Ian Bain, MBBS, FRACS, PhD AUSTRALIA
Denise Eygendaal, Prof., MD, PhD NETHERLANDS
Marc Raymond Safran, MD UNITED STATES

Tendon Injuries About the Elbow
Chair: Roger Van Riet, MD BELGIUM
Gregory Ian Bain, MBBS, FRACS, PhD AUSTRALIA
Michael Q. Freehill, MD UNITED STATES
Gregory Alexander Hoy, FRACS AUSTRALIA

The Stiff Elbow
Chair: Denise Eygendaal, Prof., MD, PhD NETHERLANDS
Gregory Ian Bain, MBBS, FRACS, PhD AUSTRALIA
Graham J.W. King, MD CANADA
Raul Basco Laakso, PhD SPAIN
Joaquin Sanchez-Sotelo, MD UNITED STATES

HIP

Hip Pain in the Athlete: Evidence-Based Tools for Diagnosis
Chair: Marc J. Philippon, MD UNITED STATES
Asheesh Bedi, MD UNITED STATES
Nicolas Bonin, MD FRANCE
John M. O’Donnell, MBBS, FRACS AUSTRALIA
Soshi Uchida, MD, PhD JAPAN

KNEE

A 2017 Update on Meniscus Allograft Transplantation: Indications, Techniques and Results
Co-Chairs: Tim Spalding, FRCS Orth UNITED KINGDOM & Peter Verdonk, MD, PhD BELGIUM
Alan Getgood, MD, FRCS (Tr & Orth), DipSEM CANADA
Jong-Min Kim, MD, PhD REPUBLIC OF KOREA
Stefano Zaffagnini, MD, Prof. ITALY

Anterolateral Ligament—What is the Role for Its Repair or Reconstruction in 2017?
Co-Chairs: Andrew A. Amis, FREng, PhD, DSc UNITED KINGDOM & Steven Claes, MD BELGIUM
Thomas P. Branch, MD UNITED STATES
Brian M. Devitt, MD, FRCS AUSTRALIA
Hua Feng, MD CHINA

**SPORTS PHYSICIAN CONCURRENT COURSE: CURRENT SITUATION FOR TEAM PHYSICIANS**

**SUNDAY, JUNE 4 – MONDAY, JUNE 5, 2017**

Course Chairs:
Liu Yu Jie, Prof. CHINA
Shiyi Chen, MD, PhD CHINA
Jiang Chun Yan, Prof. CHINA
Simon Yeung, Prof. CHINA

The Sports Physician Course will feature topics related to rehabilitation and sports medicine from a non-surgical procedure. Topics will include general information about sports injuries, topics relevant to the athletic trainer, bracing, taping, and rehabilitation. Participants will be able to understand the state of the art of concept and practice in Sports Medicine, especially the timing of evaluation and early stage intervention.
