Exhibit & Sponsorship Prospectus

As the world's only truly global knee society, ISAKOS is proud to announce the third international meeting dedicated entirely to Knee Arthroplasty: the 2026 ISAKOS Knee Arthroplasty Forum!

Since ISAKOS's formation from the merger of the International Knee Society and International Arthroscopy Society, we have had a passion for knee arthroplasty and look forward to bringing a genuinely international perspective on the latest in knee arthroplasty, as only ISAKOS can.

On behalf of the ISAKOS Knee Arthroplasty Forum (IKAF) Program Committee, your company is invited to participate as a valued sponsor of this exciting 2-day course taking place October 15-16, 2026, in Brussels, Belgium. Led by world-renowned physician faculty, the meeting is expected to attract 400+ international and local surgeons with an interest in knee arthroplasty.

The 2026 Program is currently under development, but past programs have included two days of engaging presentation, discussion, debate and discovery including:

- Discussion of current selection criteria for patients with knee arthritis that are likely to benefit from total or unicompartmental knee arthroplasty
- How to incorporate the new protocols for joint arthroplasty using strategies for patient selection, peri-operative optimization and post-operative management
- Discussion of appropriate surgical techniques, the concepts of alignment and balancing for performing unicompartmental knee arthroplasty, and primary and revision total knee arthroplasty
- How to diagnose and treat acute and chronic periprosthetic knee complications
- Interpretations of the latest data and recommendations regarding evolving concepts in knee arthroplasty including outpatient surgery, robotic-assisted surgery, and new technologies
